

Our Company

4a manufacturing GmbH is one of the leading manufacturers of micro sandwich composites for lightweight materials and acoustic applications, used in mobile phones, tablets, laptops and a wide range of other products.

Production Planner (m/f/d)

To support our team, we are looking for a full-time production planner (m/f/d) in Traboch

apply now

Your Profile

- technical or commercial education and/or initial professional experience in a manufacturing environment
- interest in production planning, processes, and continuous improvement
- structured and organized working style with strong analytical skills
- flexible, proactive, and team-oriented personality
- strong communication and coordination skills
- good MS Office knowledge; ERP experience is an asset
- good English skills, both written and spoken

Scope of tasks

- plan and coordinate production orders while ensuring optimal utilization of capacities and adherence to delivery schedules
- maintain and manage master data, including bills of materials (BOMs) and routing information
- collaborate closely with cross-functional teams, including Order Management, R&D, Sales, Production, and Purchasing
- support the transition of new products and development projects into serial production
- monitor production plans and proactively identify and resolve scheduling bottlenecks
- contribute to projects aimed at improving operational processes, efficiency, and workflow optimization
- assist in the continuous development and enhancement of production planning procedures

Benefits

- flexible working hours (flexitime, home office option)
- discounted lunch and free catering of fresh fruits and vegetables, as well as coffee
- ongoing training
- employee events
- company doctor
- weekly fitness classes & monthly yoga class
- company daycare for employees' children
- free parking and electric vehicle charging for private cars
