

Our Company

4activeSystems GmbH is the international leader in the development and manufacture of dummies and test systems for driver-assisted vehicle safety systems and autonomous driving.

Technician Dummy Production (m/f/d)

To support our rapidly growing team in Traboch, we are looking for a full-time Technician Dummy Production (m/f/d)

[apply now](#)

Your Profile

- solid technical training (completed vocational training or technical college with at least good results) in the field of electronics, communications engineering, switch cabinet construction, or measurement and control technology
- very good knowledge of physics (e.g. mechanics, electricity and magnetism)
- several years of professional experience in a similar position required
- conscientious and accurate way of working
- personal responsibility, enthusiasm and team spirit

Scope of tasks

- assembly and manufacture of new dummies for child presence detection
- service and maintenance of manufactured products
- interconnection and soldering of electronic circuit boards
- assembly of cable harnesses and plugs/sockets
- mechanical assembly of individual components
- performing and optimizing silicone casting of dummy components
- diagnosing and troubleshooting crash test systems for vehicle safety (ADAS)
- applying measurement technology and analyzing the results

Benefits

- reduced-price lunch, free fruit and vegetables and complimentary coffee
- weekly fitness classes and monthly yoga session
- company daycare for employees' children
- employee events and team activities
- flexible working hours (no shift work, Monday to Friday)
- opportunities for professional development and training
- employee referral bonus program
- company doctor
- free parking and electric vehicle charging for private cars
